Art. nr.

3010-00390

This high-alpine classic for technical climbing on rock and ice is manufactured from very durable full-grain leather with integrated GORE-TEX® Insulated Comfort Footwear membrane. The integrated Mammut® Motion-Control ensures great flexibility and strong lateral support. The 3 zone lacing, a very grippy Vibram® Teton sole, the insulating memo foam around the tongue and ankle and a high rubber rand complete this crampon compatible quality shoe.
